LEARNING OBJECTIVES:
This course is designed to provide the NSBDE required training for dentists and hygienists. This course has also been approved for 2 hours of continuing education credit by the CDA and complies with the California Code of Regulations 1005 – Minimum Standards for Infection Control.

Infection control guidelines as developed by the CDC will be addressed. Participants will review the scientific evidence about dental infection control issues and current CDC recommendations for minimizing the potential for disease transmission in the dental setting.

SPEAKER:
Edward Herschaft, DDS
Dr. Herschaft received a DDS from West Virginia University School of Dentistry, a certificate in oral and maxillofacial pathology from the Medical University of South Carolina (MUSC). He is Professor Emeritus - MUSC College of Dental Medicine, Professor of Biomedical Sciences - University of Nevada, Las Vegas (UNLV) School of Dental Medicine, and Guest Professor - Medical School of Nankai University in Tianjin, China. Dr. Herschaft is one of the quality assurance officers for the UNLV School of Dental Medicine. He is a Diplomate of the American Boards of Oral Medicine and Forensic Odontology and Fellow of the American and International Colleges of Dentists, AAFS and Pierre Fauchard Academy.
