SYNOPSIS:
Participants will attend a 16 hour (2 consecutive days) course which encompasses evidence and clinical based lecture theory with a hands-on workshop with small-diameter implants. In addition, on the second day in the morning, participants will have the opportunity to view live patient surgeries. The live patient surgical procedure will illustrate live placement of implants on a patient and how to convert the patient’s existing dentures into overdentures. In addition, participants will have an additional ½ day (4 hrs) of advanced lecture and hands-on workshop encompassing digital 3D treatment planning and surgical placement of implants using CBCT fabricated surgical guides on models.

LEARNING OBJECTIVES:
1. Understand LOCATOR® attachments, treatment planning, and prosthetic space requirements
2. Treatment planning small-diameter implants, anatomy requirements, foundational concepts of overdentures
3. Acquire knowledge and confidence in utilizing small diameter implants and surgical kits
4. Acquire basic understanding of the surgical and prosthetic protocols of small-diameter overdentures
5. Acquire basic understanding of the role and techniques of CBCT guided small-diameter implant surgery
6. Acquire techniques to begin marketing small-diameter implants in a clinical practice
7. Exposure to various clinical philosophies and the latest research in digital implantology

Andrew Ingel, DMD
Assistant Professor of Clinical Sciences at the University of Nevada – Las Vegas School of Dental Medicine, served as an Attending Staff Dentist, Chief of Restorative Dentistry, and Director of the Implant program at the Department of Dental Medicine, Hospital of the University of Pennsylvania and was clinical faculty at the University of Pennsylvania, School of Dental Medicine.

Michael Scherer, DMD, MS
Full-time private practice prosthodontist in Sonora, California, Assistant Clinical Professor at Loma Linda University, a former Assistant Professor in Residence at University of Nevada Las Vegas, and a fellow of the American College of Prosthodontists.
SCHEDULE

Day 1:
7:30-8:00 Check-in, breakfast
8:00-9:00 Demographics, introduction to implant system, review of narrow diameter implant systems
9:00-10:00 Theory and basics of LOCATOR® attachments, treatment planning, prosthetic space, review of implant complications
10:00-10:15 Coffee break – Q&A
10:15-11:45 Surgical anatomy review, basic surgical & prosthetic protocol
12:00-1:00 Lunch
1:00-2:45 Surgical & Prosthetic Procedures – video & photographs of LOCATOR® Overdenture Implant cases
2:45-3:00 Coffee break – Q&A
3:00-5:00 Hands-on sessions (models; surgical & prosthetic)

Day 2:
7:30-8:00 Check-in, breakfast
8:00-12:00 Live surgery & prosthetic conversion
12:00-1:00 Lunch – Q&A
1:00-2:15 3D Digital treatment planning with CBCT, Introduction to computerized surgical guides for LOCATOR® Overdenture Implants
2:15-2:45 Marketing narrow diameter implants in clinical practice and how to create
2:45-3:00 Coffee break – Q&A
3:00-4:00 Invivo treatment planning hands-on session
4:00-5:00 Hands-on session with CBCT guided surgery (model, surgical)

TUITION:
$1,595 (2 days)

Early Registration
(prior to 4/20/15 or September 22, 2015)
$1,395

ADA CERP® Continuing Education Recognition Program

ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry.

PLEASE NOTE – REFUND/CANCELLATION POLICY – You may register up to the date of the course if there is space available. We reserve the right to cancel courses 30 days or more in advance of the scheduled course date. We recommend that you delay reserving air flights and hotel rooms until this deadline passes, as expenditures for this purpose are not reimbursed by UNLV. Any course cancelled by the school will result in a return of course registration fees or fees may be credited to future courses. If you cancel at least 30 days prior to the course date, your total course fees will be returned. If you cancel within 30 days, but more than two weeks prior to the course date, a 20% administrative fee will be assessed. Any fees paid by check will be reimbursed by check and may require four to six weeks. Credit card payments will be credited to the card used for course registration. If you cancel within two weeks of the course date you will not receive a refund, but your payment can be applied to a future course. Course credit must be used within one year from original program date.
